NOTIFICATION

In view of the changes that have to be introduced in the constitution of the Bangalore City Municipal Council by the introduction of the ward system which the Municipal Council has recommended and which Government consider is a reasonable and progressive system of election and in view of the fact that if elections were to be held now, it would be unfair to terminate their period of office earlier than contemplated for the purpose of introducing the ward system and in view, therefore, of the fact that the introduction of this very desirable system may have to be delayed for a considerable period, Government are pleased, under section 15 of the City Municipalities Act, 1933, to extend the term of the present City Municipal Council, Bangalore City, by one year from 1st January 1947.

Most Respected Sir,

We the rate payers of the 3 rd Division Bangalore City most respectfully beg to bring to your kind consideration the following our representation

We are the residents of the 3rd Division, Bangalore City This division is most popular and congested and requires the services of persons who are residents of the locality, who know the wants of the poor and move with the poor and know their wants

In the last Muncipal council we had as one xxx of our representative Mr C Channiah, a resident of the locality who is a friend of the poor and who devoted his time and energy for the self-less cause of the services of the poor and rate payers in general

During the recent Muncipal elections we set up as our candidate the said Mr C Channiah, who could have been succeded in the election but for certain causes He secured the largest number of single votes, and narrowly missed success by a few votes

He has served our division and the entire city instinctively for the last four years He is a fair minded devoted public servant whom we should be missing very much if he is rot in the present Muncipal council

Moreover a healthy opposition in the council is a thing which is much desired in the interests of the Muncipal, administration

P T O

The work that has been done by Mr Channiah as our representative for the last four years in the Muncipality can be ascertained from the executivex authorities of the Muncipality if need be, and we as citizens will be at a loss if Mr Channiah is not in the present council also

We therefore respectfully bring to your kind consideration the desirability of at least nominating him for a seat in the Muncipal council, for which act we shall be very grateful

We remain Respected

Sir,

I is is to bring to your kind notice for favourable consideration There are six seats in the Municipal Council reserved for nomination by Government. Generally three seats would be given to Muslims, One to a Christian, one to the Schedule Class and the last to any special interest.

Among the 24 seats to be filled up by Election, three candidates of the 4th Division including a Christian have returned unopposed, so much so there may not be any seat reserved for Christians As it is apart from the seats reserved for the Muslims and Harijans, two seats will be available for others for being filled up by Government

In this connection I wish to submit that the Kanyakubja Samaj and the Hindustani Mahasabha who represent 30 thousand subjects in the state had represented that one of the seats in the Municipal Council may kindly be reserved for them. Besides representing these two institutions, I am one of the long-standing members of the Council with ripe experience in municipal affairs As practically this will be my last chance as a Municipal Councillor, I fervently request that I may kindly be nominated as a Municipal Councillor in one of the seats reserved for nomination. I ernestly hope that my request will be granted

Respected Sir,

May I be permitted to bring for your kind consideration the following representation

I am standing for election to the Municipal Council from IIIrd Division Bangalore City, and the Congress has put up their own candidates and contesting the elections

The Congress was able to persuade all the other independent candidates that had contested the Municipal elections from various divisions to withdraw their candidatures and my circumstances did not permit me to withdraw since my electorate want me to contest

Taking advantage of the Congress being in power the candidates now contesting and their followers and workers resort to all sorts of violence They tear off my posters, intimidate my workers and they even send anonymous letters to me threatening my life itself

They are telling in the name of the Congress that they do not allow me and my voters to come to the polling booth on the 8th instant

It is becoming on the part of the organisation like the Congress to resort to these questionable methods

I have no objection for their facing the electorate, and come up in open competition

The

the acts of some of these so-called Congress people bringing discredit to the organisation itself and it is but just that the Congress Government now in power should come to my aid and see that the election is peacefully conducted and the rights of all citizens - equally respected

I am herein enclosing a pamphlet in - explanation for your kind perusal in which I have brought to the notice of the [illegible] the electrons that are being pursued by the Congress candidates

I remain
Respected Sir,
Yours obediently,
